

# Making Two Third From A Whole

[www.fractionsworksheets.ca](http://www.fractionsworksheets.ca)

In this basic fraction worksheet you will make your own shape and cut it into three equal parts and colour two parts to show two thirds. First one is done for you as an example:

1.  $\frac{2}{3}$

*Two Thirds* Of Cylinder Is Full

2.

3.

4.

5.

6.

7.

8.
