

Introduction To One Fourth Or Quarter

[Basic Fraction Worksheets](#)

When a whole is cut into four equal parts and one part is chosen or coloured then this part is called one fourth or one quarter. Find the shape having four equal parts and colour one part to show one fourth. First one is done for you as an example:

1. 	2. 
3. 	4. 
5. 	6. 
7. 	8.
